

Bridgewater Raritan Regional School District

District Goals 2022/23

Build the capacity of district community members by refining systems to support student growth, expand opportunities, and promote equitable learning environments:

- Optimize conditions of learning for all students by implementing best practices for teaching and learning.
- Ensure a healthy and safe learning environment by refining operations and providing opportunities that foster the social and emotional well-being of students and staff.
- Ensure equitable allocation of the district resources to support the district's mission and goals, including access and utilization of grade-level materials, resources, and programs.
